#### **Course Overview and Student Skills:**

The 7<sup>th</sup> Grade Mathematics Course delivers a viable curriculum and prepares students for their 8<sup>th</sup> Grade Mathematics Course. This course is designed to engage students as well as deepen and extend their understanding of operations with rational numbers, expressions, equations,

**Make-up work**

When students are absent from school or class, for any reason, it is their responsibility to complete all missed assignments. Students should ask for missing assignments from their teachers immediately following the students return to school. Assignments can also be accessed via the school webpage. Students have one day, per each excused absence, to make up missed work. When absent, visit the JMS website and review the class
